TESTED WEED DELIVERY is a non-profit cooperative that is devoted to healing and providing easy access to medical marijuana products to patients everywhere in Los Angeles. We've set up exclusive deals with our growers to bring the highest grade, usually organic, medical marijuana to our patients at the lowest possible cost. Our aim is to deliver high-grade medicine in a compassionate way to you, our patient and member. Our collective will deliver to local areas in Los Angeles. We believe in safe, discreet, and affordable access to medical marijuana for all of the patients in our cooperative. Our guiding philosophy is to heal in a safe, compassionate environment and to involve all our members in our ongoing journey of healing. If you have thoughts or suggestions, please contact us! The collective is just that, an organization of patients dedicated to providing safe and healing medicine, so if you have any suggestions, please get in touch!
